

Buddha Fest 2017 continues the theme of reflecting on the power of the Dharma to transform society and the world. In this year's program we will consider how a spiritual life, grounded in Buddhism – particularly Shin Buddhist teachings – can help us make sense of the confusing world we live in today. Our speaker will be Rev. William Masuda, currently the Minister of Makawao Hongwanji Mission. Everyone is welcome to attend!

Following the program we will celebrate by sharing an ono lunch

Buddha Fest is an annual event here on Maui, sponsored by Kahului Hongwanji Mission Buddhist Temple. It has been made possible by a generous gift from Florence Tasaka and the Tasaka family, in memory of Henry S. Tasaka. The goal of Buddha Fest is to share the Dharma (the Buddha's Teachings) with all who are interested in deepening their understanding of their life and to awaken a spirit of joy and fellowship, insight and self-reflection, in all who attend this wonderful event.
